

# ISAG . 2019

37th International Society for  
Animal Genetics Conference

July 7 to 12, 2019 - Lleida (Spain)

The 37th International Society for Animal Genetics Conference (ISAG 2019) will be held in Lleida (Spain) on 7-12 July 2019. The conference is expected to gather a forum of over **700 delegates** working in the field of **animal genetics and genomics**.

As organisers of ISAG 2019, we look forward to linking industry organisations committed to the business of genetics / genome sequencing / data analysis, etc. with researchers and other actors working in these fields. These activities have been very successful in previous ISAG editions.

Please, consider now being a sponsor and exhibitor at ISAG 2019. We describe here some sponsor opportunities but will also be happy to discuss other options that might fit better your organisation.

*(Joan Estany and Romi Pena, Local Organising Committee)*
