

The 38th International Society for Animal Genetics Conference (ISAG 2021) will be held virtually on July 26-30, 2021. The conference is expected to gather a forum of over **700 delegates** working in the field of **animal genetics and genomics**.

As organizers of ISAG 2021, we look forward to linking industry organizations committed to the business of genetics / genome sequencing / data analysis, etc. with researchers and other actors working in these fields.

Please, consider being a sponsor of the virtual ISAG 2021 conference. Below are the sponsor opportunities but we will also be happy to discuss other options that might better fit your organization.
